

The efficient, powerful way to purify your water.

Discover the ultimate in water purification with the Infinity RO. The high-performance direct flow reverse osmosis system designed to deliver an endless supply of crystal-clear, great-tasting water right from your tap.

With cutting-edge 5-stage filtration process, the Infinity RO removes 99.9% of impurities protecting you from contaminants like chlorine, bacteria, lead, pesticides and even microplastics.

Now you can enjoy better tasting drinks, healthier food - and a more sustainable lifestyle. Better Water Starts Here!

Dimensions	
Size (w x d x h)	130 x 440 x 400 mm
Performance	
Flow	2 l/min
Pressure	1 - 4 bar
Filtration	
Temperature	5 - 38 °C
Maximum Hardness	1500 ppm
Membrane	800 GPD
System	
External Adapter	100-240VAC 50/60 Hz 5A
Power Supply	24VDC / 90W
Pump	Booster

FEATURES

-  Tankless direct flow
-  Excellent flow rate @ 2 lpm
-  Highly efficient 1 : 0.6 filtration ratio
-  5-stage filtration system
-  Smart tap with status indicators
-  High-performance self-flushing membrane
-  Integrated hydraulic circuit
-  Leak detection alarm

Consumables:

Pre and post filter
C5 micron filter + carbon block
12 months or 6,000 litres

Reverse Osmosis Membrane
800 GPD
3 years
